Makhijani, Arjun*	SC&A	7/16/18	Precluded from working on: Electro-Metallurgical, Fernald, Harshaw Chemical, Santa Susanna, Simonds Saw & Steel, and Hanford. SRS (see below) Restricted on SRS as follows: He is restricted from any further review work addressing the period through the end of 1984. He may work on SRS dose reconstruction site profile reviews and SRS SEC petition reviews addressing matters concerning the period beginning in 1985. He can work on any matters that apply to the period beginning in 1985. However, if any of the matters also have application during deliberations by the Board and NIOSH regarding an SEC petition or site profile review addressing the period for which he is found to have an appearance of bias (prior to 1985), he may not represent SC&A on these matters in its interactions with the Board and NIOSH/DCAS. This means he can neither speak nor author or review papers addressing the period of concern.
